U.S. Department of Health and Human Services, 1994 / 1 videocassette (30 min.)

Identifies specific techniques and interventions which can help teachers be effective working with children of prenatal substance abuse.

**Safe Spaces: Drug and Alcohol**

**Prevention Education for Special Needs and Drug Exposed K-2 Children**

Bank Street College of Education, 1992 / 1 videocassette (27 min.)

Depicts a training program for educators working with K-2 special needs students, in particular those who have been prenatally exposed to drugs or alcohol.

**Saying No To Drinking Drivers**

Churchill Films, (1986) / 1 videocassette

Dramatization of the fatal consequences of drinking and driving. Targets teens and young adults.

**Social Model & the Community Environment**

Bridge Focus, 1990 / 1 videocassette (39 min.)

Discusses the relationship of the social model philosophy to community and environmental prevention and policy issues. Makes a link between the individual in social model treatment and the activities of social model programs as community treatment.

**A Stitch in Time**

United Training Media, 1992 / 1 videocassette (17 min.)

A dramatization of the effect on the workplace when employees use drugs or drink, as well as the ways in which others allow the behavior to continue rather than stopping it.

**Straight Talk**

U.S. Dept. Of Education,  
1992/ 1 videocassette (30min.)  
~closed captioned ~

This documentary profiles four ordinary teenagers from inner-city neighborhoods: three who have chosen not to use alcohol and other drugs and one who is a recovering alcoholic and drug user.

### **Street Drugs**

Pyramid Film & Video, 1989 / 1  
videocassette (30 min.)

Covers the various drugs sold and bought outside the doctor/patient relationship, how they effect the brain and the body, as well as the initial and long-term effects and withdrawal.

### **Teaching Healthy Choices: Staff Development Guide to Project Healthy Choices, Substance Abuse Prevention Program for Grades K-2 / Bank Street College of Education,**

1990 / 1 videocassette (50 min.) (3 parts)

Program developed to educate children K-2 on drug abuse.

### **Treatment Issues for Women**

The NCADI Videotape Resource Program,  
1992 / 1 videocassette (22 min.)

Specific issues, methods, and techniques are presented to help viewers understand the multi-faceted dimensions of treating women who use drugs. This videotape examines the challenges that women bring to treatment.

### **Understanding a Need ...: Alcohol and Other Drug Abuse Prevention for People with Disabilities**

VSA Educational Services, 1993 / 1  
videocassette (15 min.)

Provides a glimpse into the issue of alcohol and other drug prevention and disability. People with disabilities, counselors, and others present their views on the issue and encourage viewers to become involved.

### **Using the ASI to Assess Client Needs and Treatment Planning: a Training Videotape**

National Institutes of Health, 1993 /  
2 videocassette (65 min. and 64 min.) ;

Video guide to evaluating drug and alcohol prevention videos: A program for educators and others who evaluate prevention education materials. To be used with the companion printed manual and evaluation instrument.

### **Video Guide to Evaluating Drug and Alcohol Prevention Videos**

Media Group of Connecticut, Inc., 1993 / 1  
videocassette (15 min.)

Used with its printed manual and evaluation instrument, this program provides complete guidelines for reevaluating the effectiveness of drug and alcohol prevention videos. This program was developed under contract to the United States Department of Education.

### **The Walking Death**

Dept. of Alcohol and Drug Programs, 199-?

1 videocassette (16 min.)

Describes the effects of MPTP, a fake heroine often passed off in the streets as the real thing, which can cause devastating harm. One side effect is a Parkinson's like-disease, possible after just one use.

### **What Everyone Should Know About Alcohol**

Channing L. Bete Co.

1986/ 1 videocassette (20 min.)

This tape is designed to give clear answers to some common questions about alcohol and get people to think about alcohol and how they use it.

### **What Ramon Did**

AIMS Media, 1989 / 1 videocassette (30 min.)(Spanish and English versions)

Emphasizes AIDS awareness and risk-avoidance from a Hispanic viewpoint in a drama about an IV drug-user who returns from jail to his old neighborhood. His neighbors and friends fear he may be an AIDS carrier. These fears highlight high-risk behavior and spark an examination and lifestyle change. Incl. testimony from former Surgeon General C. Everett Koop.

### **Where Is Social Model Today?**

Bridge Focus, 1990 / 1 videocassette (43 min.)

Discusses the effectiveness of social model alcohol treatment programs to date.

### **Why r u?**

Shepherd Productions, 1991 /

1 videocassette (29 min.)

Examines the reasons for the national epidemic of substance abuse among teens and how teens can take steps out of this form of self-destruction. Teens in recovery talk about the damage caused to themselves, their friends, and their families by their addiction. Viewers are challenged to ask if they need help with an addiction.

### **Women, Wine and Wellness.**

FMS Productions, Inc, 1997/

2 videocassette

Pt. 1 (10 min.); Pt 2 (9 min.)

This guide will focus on two subjects: 1) the physiological impact of alcohol on a woman's body; and 2) the serious effects of alcohol on a fetus, Fetal Alcohol Syndrome (FAS).

### **Working Partners: Substance Abuse in the Workplace**

U.S. Department of Labor, 1994 / 1 videocassette

Includes the video **America in Jeopardy**; video is directed at employees and discusses the dangers of alcohol and other drug use on and off the job. Explains the link between AOD use and job performance. The kit includes numerous materials and resources for employers.
